

ABAD MAQUINARIA INDUSTRIAL S.L.

## MLA-75 Linker Machine

The MLA-75 Linker Machine is designed for optimizing, automatically, small and medium productions, of all types of sausage products.

Its compact design allows to use it in small space.

The electronic manager of tying allows a very easy use, even for the inexperienced, thanks to the digital dialog screen.

Equipment of high performance and low maintenance.

ERGONOMIC work system according to the prevention system for the safety and health of the worker.

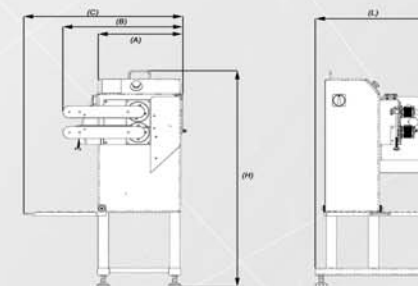

Plataform for collecting product box

- Maximum diameter of sausage Ø45.
- Construction in stainless steel and materials suitable for food use.
- Easy cleaning.
- Great versatility of products to tie: chorizo, sausage, blood sausage, etc...
- Great versatility of casings to tie: natural, synthetic, collagen casings, etc...
- Electric operation, does not need air.
- Compact design.
- Speed regulation by electronic manager.
- Voltage of 220V, monofasic.

### Dimensions

Length (L): 605mm.  
 Height (H): 1162mm.  
 Width (A): 410mm.  
 Width to belts (B): 592mm.  
 Width to platform (C): 783mm.

### Technical data

Tied power: 0.5 Cv (0.33Kw)  
 Tightener power: 1 Cv (0.67 Kw)  
 Tying speed: Adjustable from 50 to 120 portions/min.  
 Production Kg: Depending on size  
 Thread laps per tying: 4 laps (2,5 effective)  
 Thread tension adjustable: Through adjustable tensor

Tying length: 15mm to 250mm.  
 Maximum product diameter: Ø45  
 Thread cutter: Integrated  
 Threading machine: Included with integrated support  
 Tied transmission: Reducer engine and toothed belt  
 Tightener transmission: Direct engine and gears  
 Standard network voltage: 220V Monofasic 50/60Hz

The transparent lid PETG makes work easier with maximum security.

Standard electronic manager for all options.

Feeding mouth height for an ergonomic work system.

Automatic output of the products by food rubber bands.

Quick-change spool of thread.

Uniformity of servings.

### Options

- Inlet product tray.

### Adjustments

- Output product belt adjustable in pressure according to diameter product.
